Nilfisk designs a clean statement piece

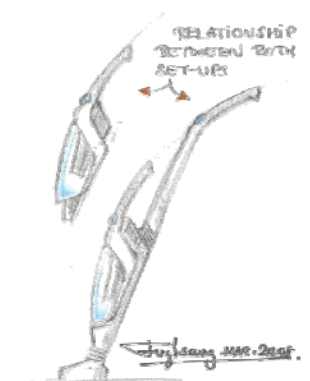

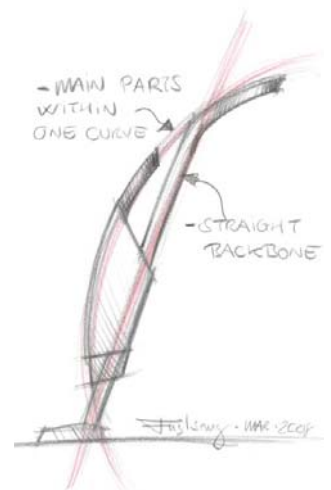

Nilfisk's smart new Handy 2-in-1 vacuum cleaner in a sleek, gunmetal grey has been designed to exude style, while simultaneously offering exceptional functionality for cleaning jobs on the run.

The compact and lightweight Handy 2-in-1 vacuum boasts a slim-line profile, allowing it to be stored in easy-to-access places such as behind the kitchen door, in a cupboard, beside the fridge or in the pantry, while remaining unobtrusive. It can also be folded in half for convenient storage when space is limited.

The perfect solution for smaller mid-week cleaning chores, the Nilfisk Handy 2-in-1 stick vacuum weighs less than 3.5kg and is particularly convenient for hard-to-reach spaces using the detachable handheld unit, making light work of small spills and incidental cleans.

With the benefit of non-marking wheels to protect wooden floor boards, the vacuum can be used to quickly run over floors, collecting dust and grime. Alternatively, the handheld unit can be used to clean more awkward spaces such as car seats, furniture or tabletops.

Perfect for 'on-the-spot' cleaning chores, the Handy 2-in-1 vacuum features a powerful 12 volt battery that can run for up to 20 minutes, allowing ample time to complete each cleaning task. Without the burden of electrical cables, the cordless vacuum can be simply removed from its charging unit for exceptional cleaning performance with the freedom to roam.

For a quick and thorough clean, the Nilfisk Handy 2-in-1 vacuum uses a rotating brush within the swivel head nozzle to sweep up dust, while turbo suction ensures that any dirt and dust is collected into the vacuum's container. This allows greater pick up of dust and dirt so that the same area does not need to be covered several times.

The new Nilfisk Handy 2-in-1 vacuum is available from selected department stores and electrical retailers. For more information call Nilfisk-Advance on 02 8748 5900 or visit www.nilfisk-advance.com.au.

Nilfisk Handy 2-in-1 RRP: \$209
